# AMPULLA CONCRETE PENDANT LAMP

## ABOUT THE PRODUCT

Ampulla pendant lamp was designed by Urbi et Orbi Studio in 2013.  
Made of cast concrete.

Its name originates from the Latin word signifying “bottle”. This common organic shape transforms into something unique due to the characteristics of its material. Whether used alone or combined with other pieces, it intervenes in the space with its character.  
The ray of light emitted turns this pendant lamp into a spotlight, accentuating selected spots in private or public areas.

This concrete suspension lamp is produced through our company’s Zero Waste Project developed over the past 3 years, with a recycling rate of 20%.
