# STRATA CONCRETE PENDANT LAMP

# STRATA CONCRETE PENDANT LAMP

## ABOUT THE PRODUCT

Strata suspension lamp was designed by CTRLZAK for the Urbi et Orbi Medius Terra collection in 2024.

Strata is a series inspired by natural geological formations (stratification). It captures sedimentation, erosion, and volcanic activity through stacked layers, symbolizing the passage of time. The design is inspired by the Mediterranean region's diverse landscapes and geological phenomena. The overlapping layers of mineral compositions represent the geological

history of the Mediterranean and our planet. Strata encourages reflection on our perception of time through geology and the natural world.

The Strata concrete pendant lamp is designed for indoor use and features a unique finish that can only be achieved with concrete as a base material. Each piece is unique and different, holding onto the design concept. It was a construction challenge for us, and we loved it from the first moment when it was still an idea. We developed special production techniques to approach such a natural appearance.

One or more pieces suspended above a dining table or a living room table illuminate the space discreetly or dynamically like spotlights.

Ideal for commercial or residential spaces, it is available in a cold and warm color palette.

## COLORS

### COOL

### WARM

Colored in its mass with pigments

Every piece may exhibit color variations on its surface, as well as among other pieces of the same product or sample products.

The concrete surface exhibits surface voids that are caused by the air. This is a natural property of concrete.

## SPECIFICATIONS

### INDOOR

Diameter: 8.5 cm

Height: 24 cm

Edge thickness: 1 cm

Weight: 2 kg

Textile Cable: 1,9m max. (longer on demand)

Ceiling rose: Brass or Copper

Cable Colors:  

Recommended light bulb

GU10 LED max watt (W) 10

Light bulb not included

Input (V): 110-230
